# Master the PMP® Exam in Just 5 Days

Our intensive 5-day bootcamp is specifically designed for ambitious project managers determined to pass the PMP® exam on their very first attempt. We provide a proven and practical approach to mastering the complex PMP® exam content, delivered by industry-expert instructors in a fun, engaging, and interactive learning environment that maximizes your retention and exam readiness.

## What Will You Get:

- 35 contact hours / PDUs required for the PMP® exam
- Comprehensive study materials and resources
- Access to our extensive PMP® exam question banks
- Post-class revision sessions to solidify your knowledge

## Who is this for?

- Project managers aspiring to get PMP® certified
- Project team members who want to advance their careers
- Professionals who want to enhance their project management skills

# A Curriculum Designed for Success

Our curriculum is meticulously aligned with the latest PMP® Examination Content Outline (ECO) and comprehensively covers the three key domains of project management, ensuring you are fully prepared for the exam.

## Domain I: People (42%)

- Build and lead high-performing teams
- Enhance team performance through emotional intelligence
- Manage conflict and stakeholder engagement effectively

## Domain II: Process (50%)

- Master the project management processes from initiation to closing
- Learn to manage scope, schedule, budget, quality, and risks
- Understand how to manage project changes and procurement

## Domain III: Business Environment (8%)

- Align projects with organizational strategy and goals
- Understand the impact of organizational culture and structure
- Learn about project compliance and delivering business value
